

Wedding packages 2018 – 2019

Located at the western foothills of the Blue Mountains NSW on 6 acres couples have the choice of the elegance of the historic homestead to the rustic eclectic style of the barn.

Ambermere is one of the region's most historic buildings which has a long and rich history dating back to 1845. With the creative culinary talent of head chef Megan Black we have created a dining experience that reflects the history of Ambermere and the abundance of seasonal local produce from the surrounding region of the Blue Mountains and Central Tablelands

Built in the early 19th century of classic Georgian style, this historic venue is overflowing with rustic essence, nature filled charm and alluring beauty and is the perfect backdrop for superb photo opportunities.

## Ceremony

Ambermere is truly the perfect wedding venue for both your ceremony and reception. The established gardens with mature trees and expansive views of the Blue Mountains provide an ideal setting for an elegant garden ceremony or a marquee can be erected in the gardens along with chairs and signing table at an additional charge. The historic township of Hartley is within close proximity to Ambermere which offers the more traditional church ceremony. There is both St Bernard's Catholic Church & St John's Anglican Church.

Be it the rustic charm of Ambermere or the quaintness of the historic village only 5mins away that you choose for your ceremony both will provide ever-lasting memories for your special day.

## Reception

Ambermere Homestead – caters for small intimate weddings up to 40 people ideal for canapé cocktail event or pre wedding dinner event

The Courtyard – outdoor space adjacent to the homestead with rustic charm with original chimneys from 1840's for outdoor fires. Suitable for pre dinner drinks, canapés or outdoor reception.

The Barn – caters for up to 80 seated or 120 canapé style event, bar, stage & outdoor fire pit

Marquee – caters for over 80 guests for sit down reception or additional space for entertainment to connect to barn.
